

[STUDY NAME] Parking Directions

Thank you for joining the [STUDY NAME] study! This packet includes directions to the most convenient parking space for the day of your appointment. Our lab is located at:

Research 1

4353 Scorpius Street

University of Central Florida

Orlando, FL 32816

The Research 1 building is very new, so your GPS directions may not be quite sufficient. Thus, we are including an illustrated map with a detailed inset, to hopefully demonstrate your parking location more effectively.

When you arrive, please circle all the way around the building and park in the small dirt lot in the back (marked in red on the map below). A researcher should be waiting with a parking pass for your vehicle.

If you decide to park in another structure, like Garage C, you can meet your researcher at suite 350 on the third floor of the Research 1 building. If you have any questions at all, or any trouble finding us or following these directions, please feel free to call our lab phone at **407-823-2311**.

We look forward to seeing you soon!

Sincerely,

Nichole Lighthall, Ph.D.

Assistant Professor

Department of Psychology

University of Central Florida
